

**NANO**  
INDESTRUCTIBLE

For tireless, unstoppable, invincible children...  
**INDESTRUCTIBLE NANO FRAMES**

**Flexible**

PATENTED "52" hinge design: Maximum flexibility with a 360° degree rotation.

**Two frames in one**

Head band included.

**3** year warranty

**Adjustable**

Mini-strap included.

**INDESTRUCTIBLE**

Manufactured with  
**SILIFLEX™**

**Adaptable**

Manually adjustable temple tips.

**Lightness**

**35%** lighter than acetate frames.

**Comfortable**

(depending on style)

**Hypoallergenic**

Manufactured with non-toxic materials.

Dare to climb higher with all the  
LAST INNOVATION and NANO TECHNOLOGY

# NANO BIONIC

## Imitating the perfection of nature

Continuous innovation is anchored deep in **Nanovista's** DNA. Our frames seek perfect ergonomics and aesthetics, as if they were a natural extension of the body. As a result of dedication, our engineers and R&D team are inspired every day by the science of BIONICS, the fusion between NATURE and TECHNOLOGY.

Today we go one step further in our designs by developing *Bionic Sleek Nano* even further and introduce two new innovations: *Bionic Bridge* and *Bionic Shark*.

### NANO BIONIC SLEEK

Is there anything lighter, more aerodynamic and more flexible than the wings of a bird?

The BIONIC SLEEK design, our thinnest and lightest temple that adapts perfectly to children's faces.

Bionic Sleek is now available in three models: *Arcade*, *Replay* and *Crew*.

## NANO BIONIC BRIDGE

To adapt to the special needs of the youngest children, we have been inspired by the bottlenose dolphin (*Tursus Truncatus*). By developing a special inverted bridge curve that guarantees greater support and comfort.

Our new *Clipping* model is the first frame with a bridge inspired by bionics.

## NANO BIONIC SHARK

Touching perfection, little innovations that make a difference, that's *Bionic Shark*. A special double injection temple tip at the end of the temple, with a double function:

Ergonomic on the inner side, to improve the grip and comfort of the frame and an aesthetic functionality on the outer side, replicating the strength of a shark's gills.

**NANO**  
INDESTRUCTIBLE

A young man with dark hair is shown in profile, looking towards the right. He is wearing glasses that glow with a bright cyan light. The scene is dimly lit, with a mix of blue and red ambient lighting. The man's hand is near his chin, and he has a thoughtful expression. The glasses have the word "nano" written on the left temple.

nano

GLOWS IN THE DARK

# nANO Glow

GLOWS IN THE DARK

## *Peace of mind!*

Glowing colors can help you find the frames in the middle of the night or in the dark.

## *Patented - nANOWarranty*

*Through a patented manufacturing process, nANOGlow frames glows in the dark, maintaining the same flexibility and resistance characteristics as the nANO Optical collection.*

## Glows in the dark

Fluorescent particles are mixed with the temple colors to ensure a glowing effect.

## 5 fluorescent color temples

Yellow, Blue, Orange, Green, Pink

## Indestructible

Manufactured with **Siliflex™**, patented material of maximum strength and flexibility.

## Road safety

Glowing effect increase security avoiding potential accidents under low visibility conditions.
